Dear Mr. Connors:

On November 8, 1984, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The question raised in this grievance is whether the number of union stewards is determined by the average or total number of employees under Article 17 of the National Agreement.

During our discussion, it was mutually agreed that the following would represent a full settlement of this case:

The number of stewards certified shall not exceed, but may be less than the number provided by the formula set forth in Article 17, Section 2, which is based on the total number of employees in the same craft per tour or station.

Please sign and return the enclosed copy of this letter as your acknowledgment of agreement to settle this case.

Sincerely,

  
Thomas J. Lang  
Labor Relations Department
