Dear Mr. Johnson:

On June 11, 1984, we met to discuss the above-captioned grievance at the fourth step of our contractual grievance procedure.

The question in this grievance is whether management properly disallowed the office as a site for one or both of the carriers' street breaks.

During our discussion, it was mutually agreed that the following would represent a full settlement of this case:

The negotiated breaks for carriers allow that carriers may take breaks on the street or in the office. If the office option has been properly chosen, the office break must then be taken on office time. However, if the carriers have selected to take either one or both of the breaks on the street, then either one or both of these street breaks may be taken in the office but must be taken on street time and cannot be combined. In addition, these designated street breaks must be approved by management and properly recorded on PS Form 1564A in accordance with Sections 222.214b(3)(e) and 242.34 of the M-39 Handbook.

Please sign and return the enclosed copy of this letter as your acknowledgment of agreement to settle this case.

Mr. Joseph H. Johnson, Jr.

Time limits were extended by mutual consent.
