Class Action
Naples, FL 34102-9998

Dear Mr. Sombrotto:

Recently, our representatives met in prearbitration discussions of the above-referenced grievance.

The issue in this case involves the filling of a part-time regular position, by a full-time regular city letter carrier.

The parties agree that while the filling of a part-time regular city letter carrier craft position is not specifically addressed in Article 41.1, a full-time city letter carrier may apply for a part-time regular letter carrier craft position. Such application should receive consideration prior to seeking to fill the part-time regular city letter carrier craft position from outside the Postal Service, pursuant to Section 241.241 of the EL-312 (December 1999). In the absence of a Local Memorandum of Understanding provision on the matter which is not in conflict or inconsistent with the National Agreement, we agree that this is the manner by which applicants for part-time regular positions should be given consideration.

Please sign and return the enclosed copy of this decision as your acknowledgement of your agreement to settle this case, removing from the national arbitration listing.
