Dear Mr. Rolando:

Our representatives met on several occasions to discuss the above-referenced case at the Interpretive Step of the grievance procedure. Interpretive Step time limits were extended by mutual consent.

The parties agree that the March 26, 2009, Questions and Answers (42), NALC Transitional Employees, resolved the issue of working transitional employees outside their employing installation on a temporary basis.

14. Can transitional employees be temporarily assigned outside their employing post office (installation) to another post office (installation) within the district?

Transitional employees will normally work in their employing post office but may be assigned to work in another office within the same district on an occasional basis. Such temporary assignments must otherwise be consistent with the National Agreement (e.g. assigning transitional employees to work outside their employing office may not violate Article 7.1.B.3 in the temporary office or the letter carrier paragraph in the employing office.)

Cases held pending resolution of this national case will be processed by applying the above principles to local fact circumstances.

Please sign and return the enclosed copy of this decision as acknowledgment of your agreement to resolve this case.

Sincerely,
